About me

Hello! I am Alex, a 23 year old front-end web developer based in Romania, a hard worker, an avid learner, enjoying the process of solving problems and loving experimenting with new technologies through official documentation & trial and error.

Would love working remotely (or hybrid) in an agile development environment. I am really excited about working with & learning from my future peers.

Code Skills

Front-end

- Strong fundamental skills in HTML, CSS, Javascript

Experience with:

- Version control (GIT)
- React.JS
- Figma and XD files for UI development
- Bootstrap, MaterialUI
- SASS, SCSS

Back-end

Basic knowledge of:

- Node.js, MySQL

Experience with:

- Firebase and Google API's
- Dependencies like Axios, Nodemon, Express etc
- CMS, Filezilla

Courses completed

WellCode Academy

MARCH 2022 – APRIL 2022
